## Driving Community Spirit – Teeing Off with SUNY Polytech

We were thrilled to support the inaugural Grimm '44' Golf Tournament hosted by SUNY Polytech recently.

Our team participated in the tournament as a foursome, enjoying the day on the green with fellow participants. In addition, we provided morning refreshments – bagels, donuts, and coffee to kickstart the event. We also contributed door prizes and handed out a special gift to each golfer to commemorate the experience.

As many SUNY members are also part of our credit union community, we look forward to continuing our support for SUNY Polytech and partnering / participating in more events that bring us together. ■

## Thank you, Shredders!

Members who took advantage of our Annual Shred Day this spring did so much more than clear clutter out of their home offices:

- Shredding and recycling paper reduces the amount of paper we send to landfills, saving space for non-recyclable materials.
- Regenerating paper – using old paper to make new paper – uses 65 percent less energy than making paper from trees. Every ton of recycled paper can save 17 trees, 380 gallons of oil, 3 cubic yards of landfill space, 4,000 kilowatts of energy, and 7,000 gallons of water.
- Shredded financial statements reduce your risk for identity theft and fraud, because it prevents dumpster divers from stealing your personal info and account numbers.
- PLUS - our shredders all donate non-perishable goods for local hunger relief. This program is a win-win for our community.

Start collecting your financial statements now, and watch for our next Shred Day! ■
